

In response to FEC letter dated 4/25/08 in which the FEC asks why the amended FEC 9 for the period 02/22/08 - 03/04/2008 shows a substantial decrease in the amount of disbursements from the original report.

On the original report we listed a payment to The Davis Group for \$656,000 that was an advance to them for purchasing air time to run TV ads. This payment was made to them and was reported on the original FEC9.

After the report was filed The Davis Group did not spend the entire amount advanced and returned \$142,645.62 to American Leadership. These were unused funds.

I went back then and amended the original report to show the actual net amount spent on TV ads \$513,354.38.
